Cosmo Films: Winner at SAP ACE award 2018!

New Delhi, May 1, 2018: Cosmo Films- a leading global brand, offering value added BOPP and CPP films for packaging, labelling, lamination and Industrial applications has been awarded the prestigious SAP ACE Award 2018 in special recognition category. The honour bestowed by INDUS (SAP India User Group) is in recognition for being the front-runner in cloud adoption.

Cosmo Films is at the forefront in adopting new technologies by leveraging innovation for digital transformation. The company has adopted cloud technologies like - SAP HANA Enterprise Cloud for mission critical applications and advance data processing, SAP Success Factors (HCM) for empowering and improving employee experience, Salesforce (CRM) for enhancing customer experience.

Delighted over the latest achievement of the company, Mr. Jagdip Kumar, Chief Information Officer at Cosmo Films expressed, *“Digital is a vital component of every organization’s game plan; As Cosmo Films gears to the process of business transformation in the evolving and expanding markets, futuristic cloud technologies is helping us achieve operational excellence and standout as market leader”*.

The SAP ACE Awards are an industry benchmark to recognise the best-run businesses in the Indian subcontinent. It recognises and lauds IT innovation across businesses who have achieved business excellence and showcased consistent innovation by using cloud computing as the key competitive differentiator. This year, SAP ACE awards 2018 received over 300 project nominations competing across 16 major award categories, with a distinct focus on large and midsized companies.

About Cosmo Films Limited

Established in 1981, Cosmo Films Limited today is a global leader in speciality films for packaging, lamination and labeling applications. Its films offerings include biaxially oriented polypropylene (BOPP) films, cast polypropylene (CPP) films and soon to be offered biaxially oriented polyethylene terephthalate (BOPET) films. Today, the company is the largest exporter of BOPP films from India and is also the largest producer of thermal laminating films in the world with plant cum distribution centers in the U.S, Korea & Japan and global channel partners in more than seventy countries.
